

***IDABO  
Trade Show  
can benefit you!***

When new products appear on a job site, building officials are inclined to ask hard questions. This trade show provides you with an opportunity to meet with building officials, architects, engineers and other building professionals and familiarize them with your products, before the design, plan review, or inspection begins.

Sponsored by the **Idaho Association of Building Officials**, the trade show will be held January 27th and 28th, in conjunction with the IDABO Education Institution. This is an annual training event attended by over 200 building officials and professionals each year.

***Your participation as an IDABO trade show exhibitor and/or IDABO Education Institute sponsor is welcome!***

***We look forward to your participation and the opportunity to learn about your products.***
