

Building Safety Professionals of Southwest Idaho Energy Code Training for **Contractors**

January 1, 2011 several cities in the Treasure Valley will begin enforcing the HVAC air balancing requirements of the code. Come to this training to learn the ins and outs of using a duct blaster and flow hood and how that will assist in meeting these upcoming code requirements.

- DATE:** August 12 2010
- LOCATION:** Held at the “Weatherization Works” training facility located at 5880 Franklin (on Franklin between Cole and Curtis)
- COST:** \$10—Includes all day training on new energy and building code requirements and lunch or \$5 for half day (does not include lunch)

CLASS OPTIONS:

- 9:00 AM– Noon, Duct Blaster/Duct Sealing Training
- 12:30– 4:00 PM, Flow Hood Training
(you must have transportation as we will be traveling to a demonstration site for part of this session)
- Noon- 12:30 PM—Lunch

These trainings will train contractors in the use of duct blasters and flow hoods in complying with Manuals J and D and the new International Energy Conservation Code

Registration is Required!
