Job Status: Full Time

Reports To: Building Inspector Supervisor

Amount of Travel Required: Frequent

Positions Supervised: None

Revision Date: 2-07-2019

POSITION SUMMARY

GENERAL STATEMENT OF DUTIES

Performs commercial, industrial, and/or residential building and safety inspections of new and existing properties to ensure compliance with Federal, State, and City codes and regulations; performs directly related work as required.

DISTINGUISHING FEATURES OF THE CLASS

The principal function of an employee in this class is to perform building inspections in compliance with all Federal, State, and City codes and regulations. The work is performed under the supervision and direction of the Building Inspector Supervisor, but considerable leeway is granted for the exercise of independent judgment and initiative. This class is distinguished from the class of Building Inspector I by the performance of more diverse and complex inspections of residential, commercial, and industrial properties and multiple ICC certifications. The nature of the work performed requires that an employee in this class establish and maintain effective working relationships with the assigned supervisor, other City employees and officials, contractors, builders, business owners and the general public. The principal duties of the class are performed in a general office environment with potential personal hazards.

ESSENTIAL FUNCTIONS

Reasonable Accommodations Statement

To accomplish this job successfully, an individual must be able to perform, with or without reasonable accommodation, each essential function satisfactorily. Reasonable accommodations may be made to help enable qualified individuals with disabilities to perform the essential functions.

Essential Functions Statement(s)

Performs commercial, industrial, and/or residential building and safety inspections of new and existing properties through all phases of construction to ensure compliance with Federal, State, and City codes and regulations.

Establishes a cooperative working relationship with builders, contractors, home owners and maintains communication with above and other public agencies and departments.

Conducts final inspections with authority to postpone building or project completion based on compliance with enforcement codes and standards.

Promptly records accurate incoming inspection requests and schedules.

Performs detailed and technical plan reviews of proposed building designs.

Investigates complaints of Code violations.

ESSENTIAL RELATIONSHIP EXPECTATIONS

Keeps immediate supervisor and designated others accurately informed concerning work progress, including present and potential work problems and suggestions for new or improved ways of addressing such problems.

Ensures public and operational safety on construction sites, including coordinating with other City agencies.

Attends meetings, conferences, workshops, training sessions, and reviews publications and audio-visual materials to become and remain current on principles, practices, and new developments in assigned work areas.

Responds to citizens' questions and comments in a courteous and timely manner.

Communicates and coordinates regularly with appropriate others to maximize the effectiveness and efficiency of interdepartmental operations and activities.

Is punctual and timely in meeting requirements of performance, including attendance standards and work deadlines.

Communicates information and states concerns in a clear and professional manner.

Respects the opinion of others and demonstrates a reasonable relationship with employees, supervisors and others.

Accepts and performs in a timely and effective manner changes in work assignments and/or how work is performed.

Performs other duties consistent with the role and function of the classification.

REQUIRED KNOWLEDGE

Considerable knowledge of concepts, materials and terminology related to building construction and installation in building/mechanical inspection.

Considerable knowledge of all applicable Federal, State and local codes, rules and regulations, including the International Building Code and energy and disability access regulations.

Considerable knowledge of computer applications, business and engineering mathematics, standard office practices and record keeping principles and procedures.

Considerable knowledge of plan review principles, practices and procedures for documenting inspections, correction violations and court procedures if required.

SKILLS/ABILITIES

Ability to interpret and apply appropriate methods, practices, procedures, codes and regulations.

Ability to explain codes, interpret construction plans and utilize independent judgment when interacting with engineers, architects, developers, property owners and the public.

Ability to organize and prioritize work and meet critical deadlines.

Ability to prepare clear and concise reports, correspondence and other written materials.

Ability to effectively handle the most complex and sensitive building and required mechanical, plumbing, and electrical inspections and quickly resolve complaints and problems.

Ability to communicate effectively with others, both orally and in writing, using both technical and non-technical language.

Ability to understand and follow oral and/or written policies, procedures, and instructions.

Ability to prepare and present accurate and reliable reports containing findings and recommendations.

Ability to use logical and creative thought processes to develop solutions according to written specifications and/or oral instructions.

Ability to perform a wide variety of duties and responsibilities with accuracy and speed under the pressure of time sensitive deadlines.

Ability and willingness to quickly learn and put to use new skills and knowledge brought about by rapidly changing information and/or technology.

Integrity, ingenuity, and inventiveness in the performance of assigned tasks.

POSITION QUALIFICATIONS
